**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

As a long time customer of a company that competes with AT&T (Sonic) I ask you to continue to allow independent companies to use the last mile copper and fiber. The installed infrastructure was put in place under a monopoly system and by granting easements to a single company it was possible to build the system with a predictable return on investment. That monopoly was ended decades ago and AT&T and others that installed the original lines should be required to allow access at their current costs in order to ensure that the monopoly does not continue.

Thank you,

Fred Hull
